

kayaking with kids™!

Enjoy sea kayaking together with your kids on this special guided journey!

In this 3-hour trip, you have plenty of opportunities to discuss life and nature. Unlock the spirit of discovery within yourself and your kids.

At the same time learn kayaking and explore the wonders of the sea that surrounds us.

What level of kayaking experience do I need?

No experience needed. If you have been paddling regularly, it shows you are comfortable in a kayak. However, if you have not done paddling before, we'll give you some basic tips to get you going.

What happens if the weather turns nasty?

We always check the latest weather forecast before the trips. Light to medium rain don't cause any problems, in fact paddling in the rain can be quite a pleasant experience! We have designated rain shelters and an evacuation plan just in case the the skies get stormy.

What should I bring?

You should wear long sleeves lightweight clothing (e.g., rash guards), long pants, a UPF-rated sun protective hat, and sunglasses. Bring water and snacks.

Who can join?

Adults and children (min 3 years old and max 12 years old).

How long is the trip?

The 6km journey is planned at a slow-moderate pace, to offer a challenge as well as enjoy the sights and landscape. We stop frequently for you to enjoy the surrounding sights and sounds, or swim in the clear cool waters. The whole trip will take about 3-4 hours.

What equipment are provided?

Kayaks, Personal Flotation Device (PFDs), Paddles, and Certified Kayak Guides. We also provide fun, a new experience, and rain!

Price:

\$560 per adult. \$225 per child*.
(*3-12 years old)

Special family package (2 adults & 2 kids)
at \$140!

Fun! Safe!
