

Team Kayak Challenge

Join us for this exciting one day **team building program** among our southern islands. Learn self-discovery and teamwork in this unique experiential journey.

“It was an exciting to discover a part of Singapore I have never seen. Doing it with my team made it all the more unforgettable. Everything was new and challenging, but well managed within our capability. The numerous problem-solving opportunities meant we needed resourcefulness and teamwork to get things done. Amazing!”

Release of Liability

Outdoor adventure like kayaking carries inherent risk because nature is hard to predict. By signing up, you would have consulted your doctor about your medical and health suitability. You would also have released the organizer and its agents liability for loss of life, personal injury, loss of personal effects, and disruption to itineraries.

Payment

A full payment must be received to confirm your booking.

Cancellations

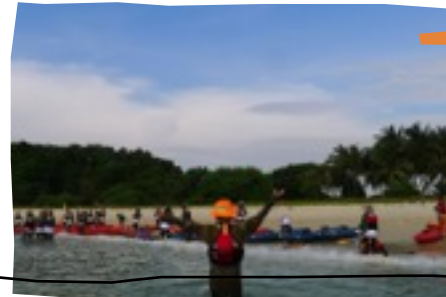

When we receive written notice that you must cancel your program more than 48 hours before departure, 50% refund would be offered. If we received your notice to cancel less than 24 hours prior to departure, no refund will be possible.

Cancelled Trips

Due to the nature of operating in the outdoors, we may sometimes have to cancel due to unforeseen weather or events which may impede trip and safety operations. If we cancel with advanced notice of more than 1 week, a replacement on another date will be offered. If we cancel less than 48 hours before departure, a full refund is an option. We could not, however refund personal expenses incurred in preparation for the trip (e.g., annual leave, purchase of equipment, etc.). We seek your understanding.

PROGRAM HIGHLIGHTS

explore

- 8.30am - 9.30am The group will gather and be briefed about the tasks ahead.
- 9.30am - 11.30am After preparation, we paddle out to a mystery island. When everyone is new to something, that is when we learn most as a team.

cuisine

- 11.30 - 3pm A fun and effective way to learn teamwork is through cooking and dining together. Success depends on effective communication, strategy, teamwork, and fun! An added challenge is doing it outdoors!

discover

- 3pm - 5pm The exciting day is not done yet, as we need to make the journey back. This physically arduous journey can only be accomplished if team members cooperate and stay positive for each other.
